CHECK-IN & LOCATION QR CODE CARD

During this convention, FMCA will be testing a new method of tracking those who have arrived at the event and where they are parked with our Check-In & Location QR Code Card found in your packet.

Please tape this Check-In & Location QR Code Card that is specific to your registration to the lower left-hand corner of your motorhome's or towing vehicle's windshield so the code faces out. After you are parked, members of FMCA's Parking Team will scan the code, letting us know that you are at the convention and registering the location of your RV on site in the event FMCA personnel need to locate you.

Since this is something new that we are using for the first time, we ask that you still log on to FMCA's Locator Link (instructions included in your Welcome Bag) and complete the electronic form with your site information. At the Lancaster Event Center, each campsite in the campground areas has a unique number that is posted on the service panel. For those parked in Lot AZ, please list "AZ" lot as your location.
